## 七.閱讀測驗:

1. Many foreigners like to stay in Taiwan because it's safe and convenient to travel around Taiwan. Delicious food and beautiful sceneries catch people's eye(吸引…的注意). Friendly and helpful people also draw visitors to Taiwan.

But there are some questions of travelers in Taiwan. First, many people in Taiwan, especially (尤其是) girls wear pink or cute masks (口罩). In America, people don't wear masks when they get sick. They usually stay home when they are sick. Second, some Taiwanese children have strange (奇怪的) English names like "Apple", "Candy", or "Wednesday". Foreigners usually name after their important (重要的) family members, great people in the Bible, or some great people in their lives. Third, people here like to carry umbrellas (傘) when it is hot and sunny. Even when it is rainy, some bikes or scooter (機車) riders here still carry umbrellas but don't wear raincoats (雨衣). Fourth, why do people like to wait in line? It is very common (普遍的) when people take an metro, wait for tables in the restaurants, and even buy food in night markets. To my surprise, people don't want to eat in the restaurant with many people inside.
